Ways you can help MHBTC Rescue:

FOSTER HOMES

Homes needed to care for foster dogs. Dogs require indoor housing, daily walks and lots of love and some discipline, including being crated inside when you are not home. Veterinary care, crate and food is provided by the MHBTC. Long or short term care appreciated. To apply to become a foster home, please contact mhbtcrescue@yahoo.com. Training is available. We need help immediately!

VOLUNTEER DRIVERS

Driver needed to transport dogs from foster homes to veterinary appointments or new foster care. Main need are rides between Littleton and Westminster, weekdays. Appointments are made in advance and often can be worked around volunteer's availability. Your own car is required. Crate can be provided.
